

KERI S. BOTELLO, LAUC-LA
LAUC Vice-President/President-Elect Candidate

March, 2011

I am honored to have been nominated as Vice-President/President-Elect of LAUC. We serve on committees, task forces and advisory groups to provide guidance and advice to UC University Librarians, to the CDL, to the University Administration, and to UC faculty for the benefit of our primary clientele: the students.

Our advisory role is particularly important now given the envisioned changes to structures and programs of UC. We must use every opportunity to give input and counsel to UC administrators to assure that such decisions are made based upon input from multiple perspectives, particularly decisions which will impact collections, services and users.

We will face new issues during the next few years. If elected, I hope to work with you to identify, to investigate, and to address them. I look forward to serving as your advocate to the University and your colleague in meeting the challenges we face.
